Important: COVID-19

To our valued customers and suppliers,

COVID-19 is causing significant disruptions to everyday life. We wish to advise you of our commitment to the health and safety of all our stakeholders, as well as our commitment to project delivery for our customers.

Clark Masts remains open for business and is currently following all government and medical authority advice and rules regarding health and travel, including rules for social distancing and self-isolation.

We have introduced measures including mandatory temperature checks for all employees at start of shift, regular sanitising of office workspaces, high touch surfaces in shared facility spaces and equipment, and ensuring our staff have access to all necessary PPE and hygiene products. We have also placed restrictions on entry to our facility to exclude all non-essential contractors and visitors.

In the event of significant disruptions, we will endeavour to contact stakeholders directly affected, including customers with current orders, and post more general updated information here as necessary. For more information please contact us below.

With thanks,

The Team at Clark Masts Asia Pacific
